Warfarin Care Clinic

Registering Your Patient

Please read these guidelines before completing the registration form overleaf. Completing the registration form does not automatically guarantee acceptance into the Warfarin Care Clinic program.

Please continue to give the patient dosage instructions until you receive confirmation that the registration has been accepted, you should receive a response within 3 business days.

Contact the Warfarin Clinic by phone for any urgent registrations (24 hours is required).

1. CHECK PATIENT'S ELIGIBILITY:

- There are two reliable contact numbers for the patient, carer, and/or relatives
- The patient or their carer/pharmacy is able to follow verbal and/or written instructions
 - Supply details of carer or pharmacy
- There are no known reasons which may prevent the patient from following dosage and testing instructions. For example; compliance, mental health issues, work, travel
- They are not included in any category outlined in the text box to the right
- They understand and agree to the Warfarin Clinic fees as explained in the attached *Informed Financial Consent*.

2. COLLATE PATIENT DETAILS

- · Contact details: address and phone contact details
- Full medical history and current medicines
- Recent INR's and Warfarin doses

3. SUBMIT REGISTRATION REQUEST AND SIGNED INFORMED FINANCIAL CONSENT

Send the completed patient registration form via:

- **Editable PDF** visit website qml.com.au/Warfarin.aspx, complete form and submit.
- Email warfarin@qml.com.au
- Fax (07) 3121 4335

4. ONCE APPROVED YOU WILL RECEIVE A QML PATHOLOGY REFERENCE NUMBER

- Contact the patient to advise them of their first test date
- Supply the patient with a signed INR request form marked Rule 3 exemption; include on the form:
 - the QML Pathology Reference number
 - and request one-off FBC & E/LFT's if no test with QML in the previous 2 months
- If the registering doctor is NOT the primary care doctor then exclude the words Rule 3 and write the primary care doctor as a copy doctor.
 - Supply the patient with a second request form to take to their primary care doctor to have signed before their second test. Pre-write the second form: write the name of the primary care doctor into the requesting doctor section, in tests requested write "INR", Rule 3 exemption", and the "QML Pathology Reference number".

The QML Pathology Warfarin Care Clinic regrets that it cannot be responsible for the INR control and warfarin dosing of the following patients:

- 'Acute' care cases or those that develop complex clinical conditions:
 - All inpatients (as per the current practice)
 - Patients requiring daily INR for >2 days will be deemed acute care
- Patients on high dose cytotoxic chemotherapy
- Patients who will only be under QML Pathology control for a period of one month or less
- Patients or care givers who are unable to comply, or follow SMS, written, or verbal instructions in English
- Patients who experience ongoing difficulties attending on scheduled test dates, e.g., residents of remote areas or those whose employment/ lifestyle requires frequent travel
- Patients or care givers who are abusive to QML Pathology staff
- Previously discharged non-compliant patients
- Patients who are taking LMWH or who have recently ceased LMWH, but INR results are not in therapeutic range.

Compliance

Once registered, patients must be compliant with the instructions of the Warfarin Care Clinic. The patient, on their part will also be expected to keep QML Pathology informed of any changes - especially contact details. Habitually non-compliant patients (those who fail to test when requested or who self dose), and patients who abuse QML Pathology staff will be discharged from the Clinic after their clinician has been informed.

Registration Request for Patient Warfarin Management

Please make sure you have read and understood steps 1 - 4 overleaf.

Continue to supply the patient with dose instructions until you have received confirmation that the registration has been accepted (1-3 business days). Once confirmed you will receive a registration number – write this on the first request form for QML Pathology to control INR plus one-off FBC & E/LFTs.

Dear Doctor

ROLES AND RESPONSIBILITIES

WARFARIN CARE CLINIC:	PATIENT'S DOCTOR:	PATIENT/CARER:
✓ Provide educational and informational material in respect to Warfarin	✓ Provide the Warfarin Care Clinic with any changes to the patient's medical history or medication changes as they occur	✓ Have a mobile phone contact number because QML Pathology's preferred method of transmitting INR and dosage is via a Short Message Service (SMS)
✓ Answer any questions patients have regarding Warfarin	✓ Provide six monthly testing of FBC and E/LFTs to aid the Haematologist in ensuring safe monitoring of the patient's Warfarin	✓ Have a suitable answering service and a reliable second contact number to ensure the Warfarin Care Clinic can contact or leave a message for the patient/carer at all times
✓ Advise INR and Warfarin dose in a timely, prioritised fashion	✓ Review the patient every six months to determine the ongoing requirement for Warfarin therapy, INR target range and Warfarin duration	✓ Be patient with staff as they endeavour to assist them. Verbal abuse or violence will not be tolerated. Take the time to understand and follow the instructions given to them by our staff
✓ Contact patients as soon as possible if any INR is greater than 5.0, and assist with the provision of Vitamin K	✓ Supply a new signed Rule 3 request form to the patient for Medicare every six months	✓ Continue on their current dose until they have heard from QML Pathology with their new dosage. If the patient has not received their instructions within 2-3 days they should contact the Warfarin Clinic
✓ Give a kindly reminder (within reason) if patients are well overdue for testing	✓ Counsel the patient on the importance of testing and following instructions on Warfarin doses	✓ Complete the QML Pathology request forms for each INR and carefully answer the questions to ensure the Haematologist can be made aware of any changes
✓ Coordinate care with cardioversion clinics	✓ Alert the Warfarin Care Clinic prior to procedures if Warfarin needs adjusting	✓ Advise the Warfarin Care Clinic of any changes: hospital admissions, hospital discharges, medical or dental procedures, changes to health, changes to other medications. When/if their Warfarin is ceased or if their dose is altered by another doctor
✓ Coordinate Webster packs directly with the pharmacy	✓ Provide updated details post hospital admissions	✓ Have their INR Test on time as requested by the Warfarin Care Clinic
