

Warfarin Care Clinic

Enrolling Your Patient

Please read these guidelines before completing the registration form overleaf. Completing the registration form does not automatically guarantee acceptance into the Warfarin Care Clinic program.

Please continue to give the patient dosage instructions until you receive confirmation that the registration has been accepted, you should receive a response within 3 business days.

Contact the Warfarin Clinic by phone for any urgent registrations (24 hours is required).

1. CHECK PATIENT'S ELIGIBILITY:

- There are two reliable contact numbers for the patient, carer, and/or relatives
- The patient or their carer/pharmacy is able to follow verbal and/or written instructions
 - Supply details of carer or pharmacy
- There are no known reasons which may prevent the patient from following dosage and testing instructions. For example; compliance, mental health issues, work, travel.
- They are not included in any category outlined in the text box to the right.

2. COLLATE PATIENT DETAILS

- Contact details: address and phone contact details
- Full medical history and current medicines
- Recent INR's and Warfarin doses

3. SUBMIT REGISTRATION REQUEST

Send the completed patient registration form via:

- **Editable PDF** - visit website qml.com.au/Warfarin.aspx, complete form and submit.
- **Email** - warfarin@qml.com.au
- **Fax** - (07) 3121 4335
- **Online** - Complete the online web form at qml.com.au/Warfarin.aspx
- Alternatively contact the Warfarin Care Clinic by phone on 1300 795 355.

4. ONCE APPROVED YOU WILL RECEIVE A QML PATHOLOGY REFERENCE NUMBER

- Contact the patient to advise them of their first test date
- Supply the patient with a signed INR request form – marked Rule 3 exemption; include on the form:
 - the QML Pathology Reference number
 - and request one-off FBC & E/LFT's if no test with QML in the previous 2 months
- If the registering doctor is NOT the primary care doctor then exclude the words Rule 3 and write the primary care doctor as a copy doctor.
 - Supply the patient with a second request form to take to their primary care doctor to have signed before their second test. Pre-write the second form: write the name of the primary care doctor into the requesting doctor section, in tests requested write "INR", "Rule 3 exemption", and the "QML Pathology Reference number".

The QML Pathology Warfarin Care Clinic regrets that it cannot be responsible for the INR control and warfarin dosing of the following patients:

- 'Acute' care cases or those that develop complex clinical conditions:
 - All inpatients (as per the current practice)
 - Patients requiring daily INR for >2 days will be deemed acute care
 - Patients on high dose cytotoxic chemotherapy
- Patients who will only be under QML Pathology control for a period of one month or less
- Patients or care givers who are unable to comply, or follow SMS, written, or verbal instructions in English
- Patients who experience ongoing difficulties attending on scheduled test dates, e.g., residents of remote areas or those whose employment/lifestyle requires frequent travel
- Patients or care givers who are abusive to QML Pathology staff
- Previously discharged non-compliant patients
- Patients who are taking LMWH or who have recently ceased LMWH, but INR results are not in therapeutic range.

Compliance

Once enrolled, patients must be compliant with the instructions of the Warfarin Care Clinic. The patient, on their part will also be expected to keep QML Pathology informed of any changes - especially contact details. Habitually non-compliant patients (those who fail to test when requested or who self dose), and patients who abuse QML Pathology staff will be discharged from the Clinic after their clinician has been informed.
